CEO
Nord-Lock Group

Secure & Innovative Bolting Solutions

NORD-LOCK®

 **SUPERBOLT™**

BOLTIGHT™

 **Expander™**

Global trends affecting the world of secure bolting solutions

1. General safety – to protect citizens and valuable equipment
2. Worker safety – to avoid hazardous work situations
3. Life-cycle cost and profitability
4. Shorter assembly time to reduce manufacturing costs
5. Compact design and energy preservation
6. Customized designs for extreme applications

Growth journey 1982-2017

Zero fault philosophy and 100% traceability

- Tight tolerances and follow-up controls at each manufacturing step to reduce downstream variations.
- All products are traceable all the way back of the origin of the raw material.
- Our strong commitment to quality and our excellent track-record enable us to give a Lifetime Warranty for all our technologies.
