

PRESS RELEASE

Latour divests Specma Automation

Investment AB Latour has through Specma AB, parent company in business area Engineering Technology, divested Specma Automation in Laxå, to Artech Automation AB, a company in the Norwegian Artech Group. The takeover will take place immediately.

Specma Automation has net sales of approximately 40 MSEK, has 25 employees and operates in Laxå.

Investment AB Latour will continue to conduct business within automation through its subsidiary AVT Industriteknik AB based in Alingsås.

Gothenburg, 15 January 2010
